# DOCUMENT CONTROL

| Item | Position |
|---|---|
| Purpose | Identify the stories, heritage, locations, archives, international relationships and soft-power assets film can draw on and project, and set the conditions for using them responsibly. |
| Questions answered | 1. What does Uganda have that film can tell, preserve and showcase?<br>2. Who owns, holds or speaks for each asset, and on what terms?<br>3. How can film carry these assets abroad for diplomacy, tourism, investment and diaspora engagement? |
| Inputs used | D2 Value Chain Map (Cultural Custodians; Archives and Heritage Bodies); D3 Baseline (region scheme); D5 Gap and Needs Assessment (G23, G34, G36, G37); D7 Strategy (I17, I18, I22); MTWA-PGU MOU draft; Mulago Film City minutes (infrastructure track only); primary and secondary sources listed in Section 16. |
| Input not available | The 'Uganda's Film Sector' framework file was not in the D-series folder. D2 states it was built from that framework, so D2 is used as its proxy. Sections of the framework on cultural preservation, diplomacy, tourism and future opportunities should be checked against this report before release. |
| Scoping decisions (CEO, 2 Nov 2026) | Name every cultural institution identified, with evidence labels. Include pre-independence archives held abroad at category level. Use seven regions by splitting Western into Western (Bunyoro, Tooro, Rwenzori) and South-Western (Ankole, Kigezi). |
| Conflict carried forward | D3 and D5 propose seven regions by splitting Central (Kampala Metropolitan and Rest of Central). The Board has not decided (D5 G34). This report uses the CEO's scheme and carries the D3 region as a second column in every table and in the register, so either scheme can be adopted without rework. |

## EVIDENCE LABELS

| Label | Meaning | Count in register |
|---|---|---|
| VERIFIED | Confirmed from a primary source (statute, UNESCO decision, official register, institutional record) and cited. | 43 |
| REPORTED | From a secondary source (press, reference work, PGU document). Cited and flagged for confirmation. | 81 |
| PRACTITIONER-IDENTIFIED | Known to practitioners; no source located. To be validated in the data collection plan (Section 14). | 35 |
| DATA GAP | Information needed does not exist or was not found. Collection method given. | 5 |

## SENSITIVITY SCALE

| Level | Meaning | Treatment in this map |
|---|---|---|
| Open | Public site or practice. Standard permits and releases apply. | Listed in full; public ones with coordinates go to the CSV. |
| Consult | A custodian, community or faith body holds authority, or people are vulnerable. | Listed with custodian. Use only under the Cultural Use Protocol. |
| Restricted | Sacred, secret or ritual material, or rites involving children. Custodian may refuse. | Category only; no detail; never in the CSV. RESTRICTED: CONSULT CUSTODIANS. |

# 1. EXECUTIVE SUMMARY

Uganda has more screen-ready heritage than its film sector uses, and most of it sits with people and institutions who have never been asked on what terms it may be filmed. This map lists **164 assets** across six categories and seven regions. 43 are verified from primary sources; the rest need validation. The map is a starting register, not a census.

## KEY FINDINGS

1. **The audiovisual memory of the state is at risk now.** The UBC archive has documented preservation problems. A newly rediscovered Uganda Film Unit collection (c.1947 to 1981), described by researchers as the most complete media archive of Uganda, is being digitised under a 2025 to 2028 UK-Australian research project with UBC as co-investigator. Custody and rights are not settled. If they are not settled before copies circulate, Uganda risks licensing its own history back.
2. **Five of Uganda's six UNESCO-inscribed intangible heritage elements are on the Urgent Safeguarding List**, and four come from outside Buganda (Busoga, Lango, Tooro and Bunyoro, Ma'di). UNESCO has asked Uganda to respect free, prior and informed consent when documenting the Ma'di bowl lyre. That standard should apply to all screen use.
3. **No statute tells a producer what consent, attribution or benefit sharing is owed to a community.** The Copyright Act 2006 treats traditional folklore and knowledge as protectable works (s.5(1)(j)) but names no owner. The Museums and Monuments Act 2023 recognises traditional leaders as custodians (s.10) but says nothing about filming. The gap is filled only by practice. The Cultural Use Protocol in this report fills it for PGU members now.
4. **Uganda's treaty position is stronger than its practice.** Uganda ratified the 2003 and 2005 UNESCO Conventions and the Beijing Treaty on Audiovisual Performances (in force for Uganda since 28 April 2022). Performers' rights under that treaty are not visible in production contracts (D5 G25).
5. **No audiovisual co-production treaty was found.** A South Africa-Uganda treaty was raised in 2021 and not pursued. Uganda's Economic and Commercial Diplomacy Strategy (2025) names tourism but not culture or film.
6. **Uganda's international screen image is set by others.** The verified international record is thin and mostly foreign-made: The African Queen (Murchison Falls, 1951), The Last King of Scotland, Queen of Katwe, War/Dance. Uganda's first Oscar nomination (2024) is a political documentary. Destination branding moved in 2022 toward people and cities, which film can carry, but no title is linked to the brand.
7. **Two time-bound windows exist.** AFCON Pamoja 2027 (19 June to 17 July 2027), where UTB is Official Destination Sponsor, and the D7 film diplomacy pilot (three missions in FY2027/28). Both need content cleared by Q1 2027.
8. **Regional evidence is uneven, not regional heritage.** Central holds 34 region-specific assets; West Nile 7 and Karamoja 9. This reflects where documentation exists. Karamoja, West Nile and the communities without a recognised cultural institution need priority in validation.

## TOP ACTIONS

| # | Action | Who decides | When |
|---|---|---|---|
| 1 | Adopt the Cultural Use Protocol as a PGU code for members; propose it to MGLSD as a joint code | PGU Board; then MGLSD | Next Board meeting; Q1 2027 |
| 2 | Write to UBC and MGLSD on custody, rights and a Ugandan master copy for the Uganda Film Unit collection | CEO letter; UBC Board; MGLSD | December 2026 |
| 3 | Agree the region scheme (CEO scheme vs D3 scheme) | PGU Board (G34) | Next Board meeting |
| 4 | Propose a three-mission film diplomacy pilot and slate criteria to MoFA | MoFA (ministerial) | Q1 2027 for FY2027/28 |
| 5 | Propose an AFCON 2027 screen content package to UTB and MTWA under the MOU | MTWA, UTB | January 2027 |
| 6 | Request MoFA confirmation of co-production treaty status and mission cultural capacity | MoFA | Q1 2027 |
| 7 | Fund the validation programme (Section 14): UGX 230m to 395m | MGLSD or development partner | Q1 2027 |
| 8 | Confirm each named cultural institution's preferred name and contact before any publication | Each cultural institution | Before release |

## 2. SCOPE, METHOD AND RULES

Six asset categories, mapped by region: A Story and intangible heritage; B Audiovisual heritage and archives; C Locations and production assets; D Film tourism assets; E Diplomatic and international assets; F Soft-power narrative assets. Each asset carries the fields the brief requires: ID, category, description, region and district, coordinates where public and non-sensitive, owner or custodian, legal and rights status, consent requirements, sensitivity, condition, screen use to date, potential use, value chain layers and players, lead institution, risk, evidence label and source. Each is also linked to an NFIDP pillar and component, a D5 gap and a D7 intervention.

### RULES APPLIED

- Search before stating. Institutions and mandates were confirmed from statute or official records where possible.
- Ownership is a finding. Every asset records custodian type and basis (statute, inscription, customary, property, contract, or unknown).
- No sacred, secret or restricted knowledge is described. Such material appears only as a category marked RESTRICTED: CONSULT CUSTODIANS.
- No ranking of cultures, regions or institutions. Cultural institutions are listed by region, not by size or status.
- No private individuals are named. Public award records name filmmakers only where the award is the fact.
- Testimony and conflict history require ethics review, informed consent and compliance with the Data Protection and Privacy Act 2019.
- Conflicts between sources are listed in Section 15 and not reconciled silently.
- Confidential negotiations (including the Kampala/Mulago hub) are referred to only at the level already in PGU programme documents.

### REGIONS

The brief maps six statistical regions; PGU programmes use seven. This report uses the CEO's seven-region scheme and records D3's proposed region for each asset.

| Programme region (this report) | Sub-regions | Statistical region | D3 proposed region | Phase I hub |
|---|---|---|---|---|
| Central | Buganda incl. Kampala Metropolitan, Buruli, Kooki | Central | 1 Kampala Metropolitan / 2 Rest of Central | Kampala/ Mulago |
| Eastern | Busoga, Bugisu/Elgon, Teso, Bukedi, Sebei | Eastern | 3 Eastern | None (mobile team, partner institution) |
| Northern | Acholi, Lango | Northern | 4 Northern | Gulu |
| West Nile | West Nile, Madi | West Nile | 5 West Nile | None (mobile team, partner institution) |
| Karamoja | Karamoja | Karamoja | 7 Karamoja | None (mobile team, partner institution) |
| Western | Bunyoro, Tooro, Rwenzori | Western | 6 Western | None (mobile team, partner institution) |
| South-Western | Ankole, Kigezi | Western | 6 Western | Mbarara |

*Assets that apply nationally (e.g. laws, inventories, categories) are tagged National; foreign holdings and diplomatic assets are tagged International.*

# 3. WHAT UGANDA HAS: FINDINGS BY CATEGORY

## A. STORY AND INTANGIBLE HERITAGE

| Finding | Label | Source |
|---|---|---|
| Uganda ratified the 2003 Convention on 13 May 2009. MGLSD maintains a national inventory of 98 elements across all five domains (established 2011; updated 7 Feb 2022). Inventory fieldwork recorded audio, video and photography with prior consent. | VERIFIED | UNESCO periodic report |
| Six elements are inscribed: Barkcloth making (Representative List, 2008); Bigwala of Busoga (2012), Empaako (2013), Male-child cleansing ceremony of the Lango (2014), Koogere oral tradition (2015) and Ma'di bowl lyre (2016), all on the Urgent Safeguarding List. | VERIFIED | UNESCO ICH decisions |
| UNESCO has twice flagged declining use of Runyoro-Rutooro (Empaako, Koogere) and asked Uganda to respect free, prior and informed consent in documenting the Ma'di bowl lyre and to keep community access to the material. | VERIFIED | 13.COM 7.B.15; 15.COM 7.8; 16.COM 7.A.5 |
| Empaako documentation was converted into audiovisual formats for transmission to young people. The archive home of that material is not named. | VERIFIED; DATA GAP | UNESCO periodic report |
| Uganda has 44 living languages (Ethnologue), two endangered and two nearly extinct. UBC transmits in more than 40 languages and launched Totore FM in Moroto in May 2026 broadcasting in Ngakarimojong and other Karamoja languages. | REPORTED; VERIFIED | Languages of Uganda; MoICT&NG |
| Screen presence by language is not measured. Practitioner view: Luganda dominates; Luo languages and Runyakitara have some presence; Karamoja, West Nile and Kuliak languages have almost none. | DATA GAP | Practitioner |
| The Copyright Act 2006 s.5(1)(j) lists 'traditional folklore and knowledge' as copyright subject matter. Adaptations are derivative works (s.5(2)(a)). No owner, consent or benefit-sharing rule is specified. | VERIFIED | WIPO TK laws database |
| Uganda ratified the WIPO Treaty on IP, Genetic Resources and Associated Traditional Knowledge (second ratification). It governs patent disclosure, not screen use. | REPORTED | ADAMS (Aug 2025) |
| Seventeen cultural institutions were named in government support in July 2025 across Central, Eastern, Northern, West Nile and Western. None was named for Karamoja, Ankole, Kigezi, Lugbara, Ma'di or Kakwa communities. | REPORTED | Daily Monitor |

Historical events with screen potential are graded by sensitivity: low (pre-colonial states; colonial period and Independence; sport; urban youth culture), medium (the Uganda Martyrs and faith history) and high (1966 to 1986 crises including the 1972 expulsion of Asians; the Northern Uganda conflict; Karamoja insecurity and disarmament; refugee hosting). High-sensitivity topics require ethics review, survivor consent and data protection compliance. They are not excluded. They are the subjects most often filmed by others.

### Design basis for a National Audiovisual Heritage Programme (D7 I22)

- **Custody:** designate one lead custodian for film and broadcast heritage (MGLSD with UBC and UNCC, per D7) and a deposit agreement with NRCA and the Department of Museums and Monuments. No new body.
- **Inventory first:** an archive audit of 15 to 20 holders (Section 14) before any digitisation spend. Rights status recorded per collection.
- **Triage:** magnetic tape and acetate film first; digitise most-used and most-at-risk items; keep originals.
- **Legal deposit:** for publicly funded titles (Fund awards, UBC commissions) as D7 proposes; voluntary deposit for members through PGU.
- **Foreign holdings:** request catalogues of Uganda titles from UK holders; negotiate access copies and fee waivers for Ugandan non-commercial use; use the 2023 Act s.62 only for objects, and dialogue for film.
- **Access and benefit:** community access copies for heritage recordings (the UNESCO Ma'di standard); licence income from archive footage to fund the programme.
- **Budget link:** D7 I22 UGX 2,550m over five years, of which UGX 0.8bn is in the NFIDP October draft.

## C. LOCATIONS AND PRODUCTION ASSETS

The register lists 10 national parks, wildlife reserves by region, 15 gazetted sites and monuments, 3 regional museums, urban and landscape settings, regional screen ecosystems and the three proposed Phase I hubs. Permitting authority differs by asset:

| Asset type | Permitting authority | Instrument | Label |
|---|---|---|---|
| National parks and wildlife reserves | Uganda Wildlife Authority | Filming tariff 2020 to 2022: 40% of activity fee per day (incl. 10% monitoring); drone 50%; stills US$150 per person per day (non-EAC). Current tariff not sighted. | REPORTED |
| Gazetted monuments and museums | Department of Museums and Monuments (MTWA) | Museums and Monuments Act 2023. The Act does not address filming. Fees for access may apply (s.20, s.91). | VERIFIED |
| Royal tombs and sites of cultural institutions | Cultural institution and Department | 2023 Act s.10 (custodianship), s.33 (burial grounds remain institution property) | VERIFIED |
| Urban and public spaces | KCCA and local governments | By-laws; police clearance for public filming (D2) | REPORTED |
| Religious sites | Religious bodies | Property and doctrine | PRACTITIONER-IDENTIFIED |
| Refugee-hosting settlements | Settlement authority (to confirm) | Protection and data protection rules | PRACTITIONER-IDENTIFIED |

Production infrastructure near locations links to the Phase I hubs: Kampala/Mulago (Kasubi, Uganda Museum, Kampala urban sets, Lake Victoria); Mbarara (Lake Mburo, Igongo, Nkokonjeru, Kigezi highlands and Bwindi at longer range); Gulu (Patiko Fort, Murchison Falls north bank, Palabek). Eastern, West Nile, Karamoja, Rest of Central and Western need named delivery points; regional museums at Soroti and Moroto can host screenings and training.

## F. SOFT-POWER NARRATIVE ASSETS

| Theme | Relation to national brand | Sensitivity | Evidence |
|---|---|---|---|
| People, hospitality and everyday life | Reinforces | Open | REPORTED |
| Wildlife, primates and landscapes | Reinforces | Open | REPORTED |
| Kingdoms and living heritage | Extends | Consult | PRACTITIONER-IDENTIFIED |
| Urban creativity and youth (Kampala, Wakaliwood, music) | Extends | Open | REPORTED |
| Faith and pilgrimage (Namugongo) | Reinforces | Consult | PRACTITIONER-IDENTIFIED |
| Sport (AFCON 2027, athletics) | Extends | Open | REPORTED |
| Enterprise and resilience (Katwe chess story, informal economy) | Reinforces | Open | REPORTED |
| Conflict, displacement and recovery (Northern Uganda, Karamoja) | Contradicts or complicates | Consult | REPORTED |
| Political documentary | Contradicts | Consult | REPORTED |
| Refugee hosting | Reinforces (humanitarian image) | Consult | PRACTITIONER-IDENTIFIED |

Test result: UTB's 2022 brand shifted toward people, cities and culture, which suits film. MoFA's Economic and Commercial Diplomacy Strategy does not mention culture or film. The international screen record leans to conflict and politics. A diplomacy slate that only shows wildlife will not be credible to festival or diaspora audiences; one that ignores the brand will not be funded. The slate criteria in Section 9 balance both.

# 4. WHO OWNS, HOLDS OR SPEAKS FOR EACH ASSET

| Custodian type | Assets where present |
|---|---|
| State body | 76 |
| Community | 44 |

| Foreign institution | 17 |
| Multiple | 9 |
| Performers | 7 |
| Guild/association | 7 |
| Broadcaster | 4 |
| Religious body | 3 |
| International organisation | 2 |
| Unknown | 1 |

*An asset can have more than one custodian type. Counts are from the register.*

## LEGAL POSITION FOR SCREEN USE

| Instrument | What it gives | Gap for screen use | Label |
|---|---|---|---|
| Constitution Art. 246; Institution of Traditional or Cultural Leaders Act 2011 | Recognition of traditional and cultural leaders | No screen consent role defined (Act text to confirm) | REPORTED |

| Uganda Wildlife Act and UWA tariff | Filming fees in protected areas | Tariff current version not public | REPORTED |

**FINDING** Ownership of most assets is customary or unknown, not titled. The cultural use terms that matter most to communities (consent, attribution, community review, benefit sharing) have no statutory home. PGU can set them as member obligations now; MGLSD can give them policy weight under the 2023 Act s.7.

## 5. HOW FILM CAN CARRY THESE ASSETS ABROAD

| Partner institutes in Kampala and abroad | Co-curated programmes; workshops | Active in Kampala only | Reciprocal Uganda weeks via institutes' networks |
| Festivals and markets | New titles; co-production projects | Individual effort; no record | National selections register; Fund Window 7 (D7) |
| Platforms and broadcasters | Catalogue and series | Pearl Magic; one Netflix title | Model licence (D5 G22); export data |
| Tourism marketing | Locations, film-linked routes | Brand not linked to film | Route pilots; AFCON 2027 package (Section 10) |
| Co-production treaties | Joint productions, finance, quotas | None | MoFA confirmation; EAC and South Africa first |
| Archive diplomacy | Colonial-era and UFU film | Held abroad; terms set by holders | Access copies and fee waivers through MoFA |

The full register is the Excel file (one row per asset, all fields, filters by category, region, sensitivity, owner and potential use, with summary sheets). Annex A lists every asset in short form. Public, non-sensitive sites with coordinates are in the CSV for mapping; coordinates are approximate (two decimal places) and must be checked in scouting before publication.

## 7. CULTURAL USE PROTOCOL (SUMMARY)

The full protocol is a separate two-page document for producers. Its eight rules:

1. **Consent first.** Free, prior and informed consent from the community and its custodian before filming heritage, language, sites or testimony. Written where possible; recorded in the custodian's language.
2. **Attribution.** Credit the community and custodian on screen and in metadata, in the form they choose.
3. **Benefit sharing.** Agree a fee, share or in-kind benefit before filming. Minimum: a location or participation fee and copies.
4. **Community review.** Show the relevant cut to the custodian before release. Factual corrections are made; editorial control stays with the producer unless agreed otherwise.
5. **Credit and rights.** Performer releases and contracts that respect performers' rights (Beijing Treaty). Guardian consent and child safeguarding for minors.
6. **Archive deposit.** Deposit a copy of heritage footage with the agreed archive and give the community an access copy.
7. **Restricted material.** Sacred, secret or ritual material is not filmed without explicit custodian approval and may be refused. Refusal is final.
8. **Testimony.** Ethics review, informed consent, right to withdraw, no identification without consent, compliance with the Data Protection and Privacy Act 2019.

**RECOMMENDATION** PGU Board adopts the protocol as a member code now (Board decision; AGM only if it becomes a membership condition under the constitution). MGLSD considers it as a joint code with PGU and cultural institutions, with policy weight under the Museums and Monuments Act 2023 s.7.

## 8. AT-RISK REGISTER

Urgency 5: physical media degrading now or the last holders are few, and no funded custodian plan. 4: loss likely within five years without action. 3: slow erosion; action can be scheduled.

## 9. FILM DIPLOMACY PLAN: THREE-MISSION PILOT

Aligned to D7 I18 (MoFA lead; three missions in FY2027/28, six a year after; unit cost UGX 20m per film week, range 15 to 30). Mission selection is open in D7; this section proposes criteria and a shortlist for MoFA to decide.

### MISSION SELECTION CRITERIA

| Criterion | Measure | Weight |
|---|---|---|
| Diaspora audience | Remittance corridor size (BoU-IFAD dashboard) and diaspora association activity | 25% |
| Market access | Buyers, platforms, festivals or co-production partners in the host country | 25% |
| Archive or heritage link | Holdings of Ugandan film or heritage in host-country institutions | 15% |
| Regional and AFCON relevance | EAC partner; AFCON 2027 co-host; tourism source market | 15% |
| Mission capacity | Cultural or commercial desk; venue access; partner institutes | 20% |

| Proposed pilot mission (to confirm with MoFA) | Why | Status of evidence |
|---|---|---|
| Nairobi | EAC partner and AFCON 2027 co-host; largest regional film market; platform offices | REPORTED (AFCON); market data DATA GAP |
| London | Diaspora; IWM and BFI colonial film holdings; Explore Uganda launched at the High Commission | VERIFIED (archives) / REPORTED (launch) |
| Pretoria/Johannesburg | Co-production treaty raised in 2021; MultiChoice headquarters market; Queen of Katwe partly shot there | VERIFIED (2021 exchange) |
| Reserve: Washington or a Gulf mission | Diaspora and remittance corridors; to be ranked when BoU corridor data is obtained | DATA GAP |

## FILM SELECTION CRITERIA

- Clean chain of title and screening rights for the territory (no title under dispute).
- Compliance with the Cultural Use Protocol for any heritage, language or testimony content.
- At least three programme regions represented in each slate; at least two languages besides English with subtitles.
- Mix: one feature, one documentary or heritage title, one series episode or short programme, one youth or debut work.
- Titles that a host-country audience can see without a government endorsement of their political content. Politically contested documentaries are not programmed by missions; their existence is acknowledged in briefing notes.
- Slate proposed by an independent PGU-convened panel; final approval by MoFA.

## RIGHTS CLEARANCE AND FORMATS

Non-exclusive, non-commercial screening licence per title per territory, with a fixed fee schedule agreed with PGU; subtitles in host-country language; DCP or high-bitrate file with backup. Formats: a three-to-five-day Uganda film week at the mission or a partner institute; diaspora community screenings; one B2B session with buyers, platforms and co-production contacts; filmmaker attendance where funded.

## INDICATIVE COST PER FILM WEEK (UGX M, ESTIMATE)

| Line | Low | Central | High |
|---|---|---|---|
| Screening licences (4 to 6 titles) | 3 | 5 | 8 |
| Subtitling and technical delivery | 2 | 3 | 5 |
| Venue, projection and equipment | 3 | 4 | 6 |
| Filmmaker travel (1 to 2) | 4 | 5 | 7 |
| Publicity and diaspora outreach | 2 | 2 | 3 |
| B2B session and monitoring | 1 | 1 | 1 |
| Total | 15 | 20 | 30 |

*Matches the D7 unit cost (UGX 20m, range 15 to 30). Three missions in FY2027/28: UGX 60m central.*

## HOW RESULTS ARE MEASURED

| Indicator | Baseline | Pilot target (per mission) |
|---|---|---|
| Attendance (general and diaspora) | None recorded | 300+; at least 40% diaspora |
| B2B meetings held | None | 8+ |
| Licence, festival or co-production leads logged within 6 months | None | 3+ |
| Press and online coverage in host country | None | 5 items |
| Filmmakers attending from outside Kampala | None | At least 1 of 2 |

# 10. FILM TOURISM PLAN

Aligned to the MTWA-PGU MOU (location database, site access, ranger support, Film and Tourism Task Force) and D7 I17 (MTWA and UTB lead; UGX 2,058m over five years). PGU's UGX 2.25bn proposal to MTWA is a proposal, not an agreement.

## LOCATION-MARKETING PRIORITIES

1. Publish a national location database seeded from this register's CSV, starting with Open sites, with custodian and permit authority per location.
2. Package three 'production-ready' location kits in 2027: Nile and Murchison Falls; Kampala urban; South-Western highlands and Bwindi.
3. Link UTB's Explore Uganda brand to licensed film clips and stills (rights cleared per Section 3D).
4. Commission AFCON 2027 screen content (short films, travel series, diaspora stories) by Q1 2027 for June 2027 release.

## PERMIT SIMPLIFICATION ASKS

| Ask | To | Authority level |
|---|---|---|
| Publish the current UWA filming tariff and a standard filming permit form online | UWA | Agency |
| A single film permit desk for protected areas, museums and monuments, coordinating UWA, the Department and local governments (as MOU s.6 implies) | MTWA with UTB | Ministerial |
| Filming and photography regulations for gazetted sites under the Museums and Monuments Act 2023 | MTWA | Ministerial (statutory instrument) |
| A standard location agreement for sites under cultural institution custody, with fee and benefit terms | Cultural institutions with MGLSD | Cultural institution consent |
| Service standard: decision within 10 working days for complete applications (proposal) | All permitting bodies | Ministerial |

## SCREEN-TOURISM ROUTE CONCEPTS (TO BUILD WITH UTB AND MTWA)

| Route | Region(s) | Anchors | Pilot? |
|---|---|---|---|
| Nile route | Eastern, Northern, Western | Source of the Nile; Murchison Falls (The African Queen) | Pilot 2027 |
| Kampala screen trail | Central | Wakaliwood studio visit; National Theatre; Uganda Museum (on reopening); Kasubi (custodian terms); Katwe only if community-led | Pilot 2027 |
| Northern heritage and cinema | Northern | Gulu: Patiko Fort, NUFA awards, Northern Uganda Film Festival | 2028 |
| Royal and mountain west | Western | Fort Portal; Rwenzori; Mparo Royal Tombs; Kibiro | 2028 |
| Gorillas and Ankole | South-Western | Bwindi; Igongo; Nkokonjeru; Lake Bunyonyi | 2028 |
| Rock art and Elgon | Eastern | Nyero; Soroti Regional Museum; Sipi | 2029 |
| Karamoja (community-led only) | Karamoja | Moroto Regional Museum; Kidepo; Napak | 2029 |
| West Nile music and river | West Nile | Arua; Albert Nile; Ma'di bowl lyre (with consent); Ajai | 2029 |

## 11. REGIONAL BALANCE CHECK

| Programme region | Assets | VERIFIED | Named custodian bodies | Gaps named |
|---|---|---|---|---|
| Central | 34 | 13 | 3 | Over-represented by documentation, not heritage. Rest of Central outside Kampala thin. |
| Eastern | 17 | 5 | 7 | Teso, Bukedi and Sebei heritage and language screen presence unmapped. |
| Northern | 13 | 5 | 2 | Lango sites unmapped; conflict history needs ethics framework before production. |
| West Nile | 7 | 1 | 1 | Lugbara, Kakwa and Aringa custodians not identified; few sites on record; no hub. |
| Karamoja | 9 | 3 | 0 | No recognised cultural institution; no film association; languages near-absent on screen. |
| Western | 15 | 5 | 4 | Bunyoro and Tooro sites thin beyond royal tombs; Runyoro-Rutooro decline. |
| South-Western | 13 | 6 | 0 | Ankole and Kigezi custodians not in reported list; Batwa consent framework absent. |

**FINDING** The imbalance is in evidence, not in heritage. Validation spending should be weighted toward Karamoja, West Nile, South-Western and Eastern sub-regions outside Busoga, not shared equally.

## 12. LINKS TO NFIDP, D5 AND D7

| D6 area | NFIDP pillar | NFIDP component (Oct 2026) | D5 gaps | D7 intervention |
